

BEEF LOIN DROPPING BANDSAW

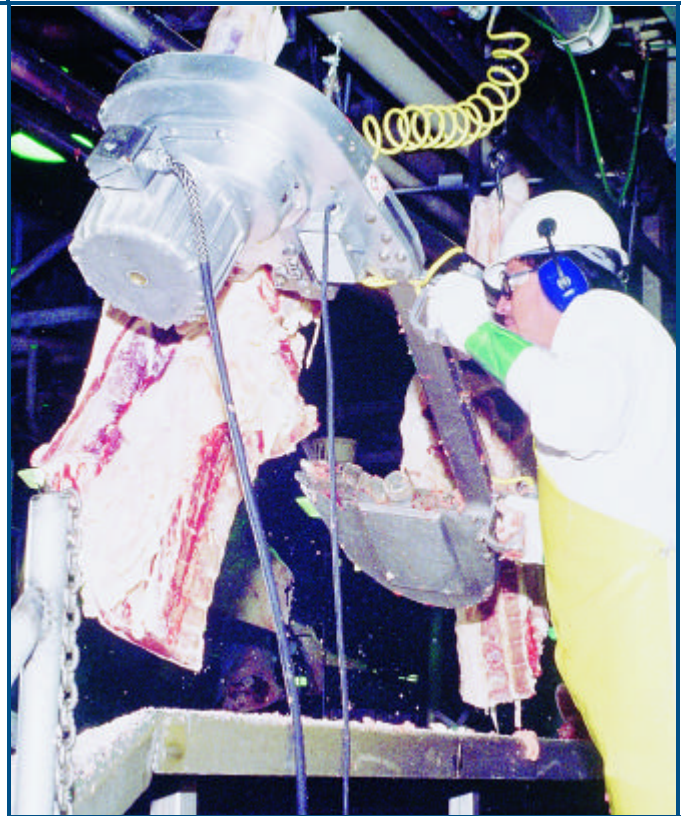

Model Buster V Loin Drop

The Jarvis Model Buster V Loin Drop - electrically powered bandsaw for beef loin dropping (quartering).

JARVIS

- The high production solution to beef loin dropping.
- Superfast - a single operator handles 900 beef loins per hour.
- Performs the cut on the rail - eliminates removal of beef sides from the rail, reducing manpower requirements.
- Highly accurate - for precise cut positioning.
- No bone splinters.
- Easy to clean for good hygiene.
- Robust construction for long life.
- Anti-tie down controls for operator safety.

THE ULTIMATE LOIN DROPPING MACHINE
